

THE BAD INDIANS.

Gen. Bacon Has Ordered More Troops to the Vicinity of Leech Lake.

FORCE OF 700 WILL ASSEMBLE THERE.

The Chippewas, Under Chief Flatmouth, May Be on the War Path Before Another Day Passes.

A Large Band of Redskins Are Camped Within Two Miles of Ferris, Minn.—Friendly Indians Are Buying Ammunition.

ST. PAUL, Minn., Oct. 10.—Gen. Bacon's orders for the movement of more troops to the vicinity of Leech lake took 90 men from Ft. Snelling on a special train Saturday night. Two companies of the 14th Minnesota volunteers are held at Duluth ready to start for points along the Fosston line of the Great Northern, where the two batteries of militia artillery men have preceded them, and Sunday another company of the 14th, made up of 50 men from Company B, of Merriam Park and 50 from the guard stationed in charge of Camp Vandusee, where the

A most significant fact is this: Saturday 30 canoe loads of Bear Island Indians and their families, professing to be peaceful, arrived at the agency. Sunday every one of the bucks in the party left, but where they have gone is only to be surmised. There is little doubt, however, that they have left for Bear Island to join those who are already prepared to fight. There must be by this time several hundred armed men on the island and from what can be learned Sunday many more are on the road. Two or three of the Bear Island men, who are still on the agency, have been questioned in regard to last Wednesday's battle, but they positively stated that they knew nothing whatever in regard to the dead and wounded among the Indians and had seen none of those who were in the fight.

Gen. Bacon announced that the last council would be held Monday and the Indians dispersed.

A special from Walker says: It was reported Sunday night on the authority of a citizen who has conversed with a hostile Pillager Indian, one who was in Wednesday's battle and who has sat in all the councils of the Pillagers, that the Indians have sworn to an agreement to accomplish, if possible, the following:

They will attempt in a few days to drive from the reservation all of the troops already there. They will, if they are successful in the above, not allow any United States authorities or

FLEEING NORTH.

The Yellow Fever Situation in Mississippi is Assuming Grave Proportions.

IS GENERAL THROUGHOUT THE STATE

Three Interstate Railroads Have Suspended Business, and Other Lines May Shut Down.

Twenty Thousand People Have Hurriedly Left for Northern Cities, Eagerly Awaiting Cold Weather—Disease More Malignant.

MEMPHIS, Tenn., Oct. 10.—The yellow fever situation throughout the state of Mississippi is assuming grave proportions. The area of the fever has so enlarged that infection may be said to be general throughout the state, as there is not a section that has not been visited. Three interstate railroads have practically suspended business, and several short lines are on the verge of a temporary shutdown, due to the lack of trade. Twenty thousand or more people have hurriedly left the state and are refugees

MCKINLEYS IN CANTON.

They Arrived Sunday Morning for the Purpose of Attending the Funeral of George D. Saxton, Mrs. McKinley's Brother.

CANTON, O., Oct. 10.—The home coming of President and Mrs. McKinley Sunday morning for the funeral of Mr. George D. Saxton was attended with a most touching and pathetic scene at the Pennsylvania station. Many people were at the depot when the train arrived and extended the party a silent but sympathetic and reverent welcome.

Mr. M. Barber, the president's brother-in-law, was at the station with several friends of the family and Dr. Braunfelter, who was called to take charge of Private John Barber, the sick soldier. President and Mrs. McKinley were first out of the car and were assisted by Mr. George B. Fresse through the station to the carriage in waiting. As they approached, the crowd with heads uncovered and bowed silently, opened a passageway through which they passed. Mrs. McKinley was supported by the arm of the president with the care and close attention he always devotes to her personal comfort. He walked slowly to the carriage, his head bowed and his face a little paler than usual.

The president and party went direct to the Barber home, which is the old Saxton homestead, and was the Canton home of the McKinleys during his life

When this you see Remember me Battle-Ax PLUG Remember the name when you buy again

When anything suddenly recalls the happy days of childhood ("when this you see, remember me")—we are kindly disposed toward it, but when this sentiment is associated with something that we know (Battle Ax)—and have known daily and hourly—for years perhaps—it strengthens the bond of confidence and satisfaction. Ask anyone who has chewed Battle Ax—if he would change for any other brand. No matter what brand you have been chewing—Battle Ax is better!

Remember the name when you buy again.

PILLAGER INDIANS, WHO REVOLTED AGAINST GOVERNMENT'S AUTHORITY.

14th is to be mustered out, was ordered to take the 9 o'clock train Monday morning for points along that same road. The last will take with them the equipment of the two Duluth companies which was left at Camp Vandusee when the men were furloughed. The government is particularly anxious about the danger to the dams at the headwaters of the Mississippi, only a small guard having been stationed there since the trouble with the Indians came on. By Monday night over 700 soldiers will be scattered all around Leech lake protecting settlers and property from the possible attack of the uncertain number of Indians now in arms against the government, because they objected to being taken to court as witnesses in prosecutions for illegal selling of liquor to Indians.

ST. PAUL, Minn., Oct. 10.—A special from Ferris, Minn., a small town north of Leech lake, says:

A report reach here late Sunday evening of the killing of a white man near Bear Island during the day.

Settlers living near the Indian reservation are seeking shelter in towns along the railroad. A large band of Indians of about 150 were reported late Sunday evening camped within two miles north of this town. Armed citizens are guarding the town expecting an attack during the night or early morning.

Indians professing to be friendly were at Graeland, one and a half miles west of here Sunday evening trying to purchase ammunition.

Flatmouth and his band of 40 Chippewa Indians may be on the war path before another day has passed. At the council to be held at noon Monday he will deliver a message asking that the troops be taken away from the agency and informing the authorities that in the event of a refusal to do this he will join the hostile Pillager Indians.

The situation Sunday night was more ominous than ever. At the agency Sunday a council was held between the Indians, Gen. Bacon, Col. Herbach, Indian Agent Sutherland and Marshal O'Connor. The result of the conference was not in any way unlike that of those previously held, except in the fact that not one of the leading men of the different bands was present.

There were, however, representatives present from Bear Island, Cass lake, Otter Tail point and Pine point but none of these has any influence with the tribesmen. The only conclusion to be drawn is that the leaders of the different bands sent men there merely as stool pigeons and that others of their number are now preparing for the warpath.

United States troops thereafter to land upon the reservation. If the troops land upon a point not inhabited by the hostile Indians, an attempt will be made to drive them off as soon as possible.

The man who gave this information is believed to be thoroughly reliable. He had an extended conference with Gen. Bacon Sunday night.

That the Indians have been gathering for several days is a well-known fact, and it seems reasonable to suppose that they are gathering for an attack upon a body of troops at least 200 strong, as those at the agency are. Up to date the hostile Indians have made no attacks upon white settlers. There are no indications that they will do so and this bears out the fact that they will confine their hostilities to the reservation alone.

TROOPS ORDERED TO PARIS.

The Garrisons of the Numerous Towns in the Vicinity of the Capital to Send 500 Infantry Each.

PARIS, Oct. 10.—The government has issued special orders to the garrisons of numerous towns near the capital to send immediately to Paris 500 infantry each.

The Journal des Debats declares that these reinforcements will amount to 10,000 men. The paper expresses the hope that the country is not on the eve of a revolution.

All the troops will be supplied with two days' rations and 60 rounds of ball cartridge.

Sunday passed off quietly. President Faure, instead of visiting the races at Longchamps as he intended, prudently remained to shoot at Rabouillet, thus avoiding a demonstration.

The British Blue Book comments on the Fashoda affair shows that the situation between France and England is grave.

Bequests to Charitable Organizations. DEDHAM, Mass., Oct. 10.—By the will of the late W. S. Jordan, of Brookline, bequests amounting to \$19,000 are left to charitable and missionary organizations. The principal bequests are: American Missionary union, \$5,000; American Board of Commissioners for Foreign Missions, \$5,000; Missionary society of the Methodist Episcopal church, Boston, \$2,500.

Ordered to Savannah.

JACKSONVILLE, Fla., Oct. 10.—General orders were issued from corps headquarters Sunday for the movement of the 7th army corps from Jacksonville to Savannah. The movement is to begin as soon as the quartermaster's department can provide transportation.

ing in northern cities, eagerly awaiting the approach of cold weather.

The disease continues to increase steadily in Jackson, the state capital. Since September 27 there have been 44 cases there, of which 24 were Negroes. Only five deaths have been reported since the beginning. The majority of the Negroes are well and feel none the worse for their yellow fever experience, but the majority of the white cases are still under treatment. Several are convalescent.

Hattiesburg and Lumberton, in the southern part of the state, have become infected, while Natchez, one of the largest river cities, reports two cases of the yellow plague. Reports from Oxford indicate that the disease is slowly spreading and is becoming more malignant. Harrison, Fayette, Starkville and Edwards report new cases. The situation at Watervalley is unchanged.

THE KNIGHTS TEMPLAR.

Formal Opening of the 27th Triennial Conclave at Midnight in Pittsburgh—The Influx of Knights is Great.

PITTSBURGH, Pa., Oct. 10.—Not in the history of Knight Templar conclaves, from 1816 to this day, has a convclave ever been opened on a more beautiful day than it was in Pittsburgh Sunday. The sun, after having been hidden behind rain-filled clouds for several days, burst upon the awakening city Sunday morning and threw his rays of smiles and admiration upon the festival array of streets and buildings, which made every one feel that this was an omen from the weather god.

The influx of knights, which commenced Saturday, continued during the day and up to midnight when the formal opening of the convclave was inaugurated with the festival sermon at the Trinity Episcopal church. There was a congregation assembled larger than this historic building has ever held.

The first formal event on the programme of the 27th triennial convclave of Knights Templar took place in Trinity Protestant Episcopal church. It was the official divine service of the Knights Templar and was as usual very impressive and largely attended.

Fever Patient Burned in a Church. JACKSON, Miss., Oct. 10.—An unknown white man, stricken with yellow fever, who had taken refuge in a Negro church, was burned alive by the terrified people of the neighborhood Saturday. This is the gruesome story which came here Sunday night from Phillips, a small country town in Le-flore county, Miss., within 200 miles of the state capital. The man was supposed to be a tramp.

in congress. Mrs. McKinley soon laid down for a little rest, and at 1:30 dinner was served to the family. Mrs. McKinley showed evidence of the sufferings from the shock and of fatigue from the journey, but bore up remarkably well and was able to be about the house.

The funeral arrangements of George Saxton were concluded soon after the arrival of the party. They are to be held from the Barber home at 2 o'clock Monday afternoon and will be private. Rev. O. B. Milligan, pastor of the First Presbyterian church, will officiate and the remains will be attended by Judge George E. Baldwin, Hon. William A. Lynch, Postmaster George B. Fresse, J. H. Kenney and Attorneys David E. Smith and James J. Grant as pallbearers. Interment will be in Westlawn cemetery in the Saxton family lot.

The train bearing the cabinet and other officials from Washington to the Omaha exposition will arrive in Canton Monday evening, and about 9 o'clock the private car of the president will be attached and he will join the party. Mrs. McKinley, it is not thought, will undertake the trip to Omaha, but will be with the president in Chicago. She will remain in Canton for several days, and more than likely go to Chicago with Mrs. Lafayette McWilliams and Mrs. W. A. Goodman, her cousins, who are expected to be here for the funeral service.

Sunday brought no new developments in the tragedy. Mrs. George remains in jail and has seen no one but Mayor Rice during the day. He was with her for five minutes. She is to be arraigned at 10 o'clock Monday morning. The coroner will resume the taking of testimony Monday.

Burial of the Dead Soldiers.

MINNEAPOLIS, Minn., Oct. 10.—The funerals of Maj. Melville C. Wilkinson, Sergt. Wm. Butler and Privates Alfred Zebell, Edward Lowe, John Olmstead and John Showelstocker, member of the 3d United States Infantry, who fell in the battle with the Indians at Leech lake, October 5, were held at Fort Snelling Sunday afternoon. It was estimated that six to eight thousand people were in attendance.

Policeman Killed by a Burglar.

CHICAGO, Oct. 10.—Policeman Bernard Koebler, of the Twenty-second street station, was shot and almost instantly killed at 12:30 Sunday night by one of two men suspected of being burglars.

Three Hundred Pounds of Gold Dust. VICTORIA, B. C., Oct. 10.—The steamer Amur arrived from Skagway, Alaska, with about three hundred pounds of gold dust and a number of passengers from Dawson.
